

## Participating Provider Directory

### State of Hawaii

October 2021

Please Note: Depending on the benefits provided under your plan, the services of some providers listed in this directory may not be covered (for example, providers of Chiropractic Care, Physical Therapy Services, Chemical Dependence Services, Mental Health Services, Home Health Care, Home Infusion Therapy and Durable Medical Equipment). Please contact your benefit office to verify your plan's coverage for services to be provided by any provider listed in this directory. *Thank You.*

# Geographic overview

## *Welcome!*

MultiPlan would like to welcome you to our family of employers, their employees and family members who use our provider networks. MultiPlan is a national company offering access to PPO networks in all states serving local and national employers. Please take a moment to familiarize yourself with this directory:

- The directory contains a listing of providers who were members of our network(s) at the time this book was printed. Every effort was made to ensure the accuracy of the directory at the time of printing; however, changes do occur daily.
- The provider you select may not be available to all clients due to individual benefit plan or network restrictions. Please verify your benefits by calling your Health Plan Benefit Administrator or Insurance Company.
- Select a participating provider from the directory and verify their participation by checking with the provider's office to ensure that they continue to be an eligible, participating provider.
- You may also call the number on your identification card to check provider participation or to receive assistance in selecting an appropriate provider in your area.
- All physicians within a group, and facility-based physicians, do not automatically participate in the network.
- In order to ensure that you see a participating network provider, please verify individual participation prior to your visit.
- If your physician has an office location that is not listed in this directory please verify participation at that location.
- Ask for a participating network provider if you are referred to another physician, facility or lab/x-ray services. Also, please verify that they are a participating provider by calling the 800 number listed on your card; show your identification card at every visit as well.
- Many area codes nationwide split each year and allow a time period for permissive dialing. As MultiPlan is informed of these changes we update our system. If an area code is incorrect in this book, please contact your local phone company for the correct area code.

*Remember, MultiPlan and its affiliates neither pay claims nor make decisions regarding your benefits. Please check your insurance identification card for the phone number for benefits or claims assistance.*
